

FUN DRAISING IDEAS

01

Post on social media

Share your fundraising link on your social media channels, but don't just ask for money, share your "why", why you're running, the importance of your goal, and what Ainsley's Angels means to you.

02

Offer your services

Offer a service you in exchange for donations - lawn mowing, dog walking, baking, photography, etc. Have friends with special skills? Ask them to donate services as well! That's what friends are for, right?

03

Host an event

Everyone loves an excuse to hang out - put together a special fun run, yoga class, workout, dinner, Bingo, etc., and charge a small fee. Partner with local businesses to take it up a notch - like your favorite movie theater, restaurant, or gym.

04

Do a raffle

People love to win! Ask your your contacts to donate products/services to be raffled, and don't forget those gift cards you keep forgetting about. You can do this at a live event or online in a Facebook event. You could also do a split-the-pot or a draw down.

05

Ask your employer

Many employers have a donation request form or policy around charitable giving. Check with your HR Department to find out if you qualify for a donation.

06

Get mile sponsors

Sometimes asking for a specific amount makes it easier for people to donate. Break down the amount you have left into miles and ask people to sponsor a mile. You can take pictures at that mile marker or even go live at their mile marker to thank them.
